

NIGHT RBS™

A fresh approach to landscape lighting

Hand-blown art glass orbs transform your garden with a celestial glow.

NIGHT  RBS™
glass studio

LANDSCAPE ILLUMINATION CATALOGUE

From morning to evening,
NightOrbs™ add an unexpected
touch of color and light . . .

punctuating
pathways
like scattered
jewels . . .

casting their gentle light upon urns,
planters, and garden statuary . . .

glowing in the garden like stars
fallen from the heavens . . .

delighting the eye from
among the foliage.

Pictured above: Lewis Ginter Botanical Gardens,
Richmond, VA

I first had the idea of introducing hand-blown glass into the landscape in 1999. I chose a spherical shape, because it is considered the most perfect form. A marriage of color and light, NightOrbs™ are an ethereal presence in a garden, an object of beauty, a cause for meditation, and an extremely durable and practical landscape illuminator.

**~ Tom Rupnicki,
Owner/Artisan**

TESTIMONIALS

When I first discovered NightOrbs™ at the Philadelphia Flower Show, I was taken aback. These multi-colored orbs are simply wonderful to work with. They add a magical dimension to the landscape, especially at night. They create wonderful focal points. I especially like to use them in groupings. I recommend incorporating them into the design in all my new projects.

*~ Jules Bruck, Ph.D., APLD
(Association of Professional
Landscape Designers)
Media, PA*

NightOrbs™ allow us to offer our discerning customers something completely custom and unique, something they cannot get anywhere else. We enjoy adding the elegance of “art” to the landscape with both our lighting and with Tom’s NightOrbs™.

*~ Jerry McKay,
McKay Landscape Lighting,
Omaha, NE*

As many years as I have gardened—in Hawaii, Pennsylvania, Switzerland, and on the Marmaris in Istanbul—I have never derived so much pride, pleasure or joy as I do now from these truly magnificent NightOrbs™. I refer to them as my very own interplanetary galaxy of stars!

*~ Suyin Karlsen,
Sequim, WA*

NIGHTORBS™

glass studio

OUR PHILOSOPHY

Our intention is to evoke, through color and light, the subtle qualities that inspire the human spirit. My vision in creating NightOrbs™ was to marry the healing effects of light, color, and nature into a lasting, original piece of landscape art that can be enjoyed in gardens year-round—and for years to come.

Color generates a response in a viewer. The right combination and placement of colors can create an emotional experience. The color blends for NightOrbs™ result from my own reactions to color and light. The recipes have evolved over time and are kept only after having proven their impact—their ability to sing—in the garden.

~Tom Rupnicki, Founder, NightOrbs Glass Studio

OUR FOUNDER

Tom Rupnicki is the creative force behind NightOrbs Glass Studio. As an artisan, glassblower and conceptual designer, he founded NightOrbs, LLC, in 1997.

His work has been featured in galleries throughout the United States, including:

- American Craftsman, New York City
- Vertri Gallery, Kauai, Hawaii
- Artique, Lexington, Kentucky
- A Gallery of Fine Art, Palm Desert, California
- SJG, Inc., Cape Cod, Massachusetts
- Kane-Marie, Virginia Beach, Virginia
- Seekers Glass Gallery, Cambria, California
- Gallery Vetro, San Antonio, Texas
- Accent Gallery, Ocean City, New Jersey
- Gingerbread Gallery, Key West, Florida
- Turning Point Gallery, Media, Pennsylvania

NIGHTORBS™

glass studio

ABOUT NIGHTORBS, LLC (cont'd)

NightOrbs Glass Studio, headquartered in the Philadelphia area, is an artisan glassblowing studio with the capability of manufacturing large-scale commercial and residential lighting systems.

NightOrbs, LLC, specializes in producing one-of-a-kind hand-blown fixtures that marry artistic design with durable functionality. The studio boasts a 600-pound furnace, two finishing furnaces, a fusion oven, a five pot color furnace, three large annealers, and a cold shop for finishing work.

NightOrbs Glass Studio (below)

CRAFTING PROCESS

CRAFTING PROCESS

The creation of a NightOrb™ requires the skill of at least two glassblowers and one or more assistants working as a team. NightOrbs Glass Studio currently has three glassblowers, each with at least ten years' experience.

Pictured: Glass Artisans melting and shaping each hand made NightOrb™.

NIGHTORB™ VARIETIES

NightOrbs™ are available in a wide variety of settings and mounts for outdoor illumination and display.

Land Mount Orbs, set in a cast aluminum (standard) or corrosion-resistant cast silicon bronze cradle, come in nine stem lengths. They are mounted in a PVC anchor (standard), deck- or post-mount bracket, or movable polished granite base.

WaterOrbs™ include a 316 stainless steel ballast and 9 feet of underwater cable. (WaterOrbs™ also suitable for hanging).

Orblets™ are a smaller Nightorb™, 4 inches in diameter, and can be floated in a water fixture or suspended, both indoors and out.

Crystal Lights™ are a unique crystal shape, 10 inches long, 7 inches wide and 5 inches high. They can either float or hang, indoors and out.

Pictured: Phobos Swirled Pattern 16-inch stem (left), Sun Mottled Pattern 8-inch stem (center), Venus Mottled Pattern 36-inch stem (right). All shown with cast aluminum cradle and stem.

LAND MOUNT

Celestial in spirit, WaterOrbs™
unite Earth with the heavens.

Reflecting pool at Winterthur Museum,
Garden & Library, Winterthur, Delaware

Delicate 4-inch Orblets™ and dramatic custom 8-inch NightOrbs™ lend a romantic touch to this Long Island residence.

CRYSTAL LIGHTS™

Our newest addition, Crystal Lights™ lend a dramatic touch to any indoor or outdoor environment.

Crystal Lights™ hang and are 10 inches long, 7 inches wide, and 5 inches high with a 20 watt xylogen lamp, and weigh 3 lbs.

NightOrbs™ are individually crafted outdoor lighting fixtures. Each is a hand-blown original, made to exact specifications.

These distinctive illuminators provide function and artistry in both landscape and water garden design, magically transforming any outdoor space with the beauty and glow of hand-blown glass.

NightOrbs™ come in 39 beautifully handcrafted color combinations. These enchanting globes are one-quarter-inch thick and have the strength and durability to withstand weather conditions.

All NightOrbs™ easily connect to a low-voltage system. They will arrive with simple installation instructions and a quality guarantee.

8" & 12" PVC Anchors

NIGHTORB™ 12 VOLT ILLUMINATOR INDUSTRY SPECIFICATIONS

FIXTURES INCLUDE:

- Hand-blown 8" Orb, UV stable, soda-lime glass 96COE
- Lamp: 20-watt, Starbright Xenogen, 20,000 long life hours
- Wire: length, 24", 16/2 Cu Nickel-Plated UV-Brown, UL 250° C
- PVC anchor

CONSTRUCTION

SPECIFICATIONS

NightOrbs™ use state-of-the-art Xelogen lamps, which provide optimum light levels with minimum energy usage. With an average life span of 20,000 hours, 20-watt Xelogen lamps outlast other lamps. In addition, unlike Halogen lamps, Xelogen lamps can be touched safely. All bi-pin sockets are ceramic with nickel-plated contacts with a life expectancy of 20+ years. This socket's two-part base is sealed with a Viton O-Ring.

CONSTRUCTION & FINISH COAT

NightOrbs™ have a two-part sandcast aluminum assembly, consisting of the light post and orb cradle (assembly also available with sand-cast silicon bronze cradle and brass light post). The light post locks in place when inserted into the orb cradle, providing a watertight compartment for the lamp.

The finish coat on the sand-cast aluminum cradle is Class A TGIC polyester powder coat gold/bronze. The aluminum light post has been anodized.
